Portsmouth, OH 45662

Re: Correspondence 09-016 (Alley Repair at 1929 Hutchins)

Dear Councilman:

I am in receipt of your correspondence letter (#09-016) dated 13 July 2009. I visited the alley on Wed. 15 July 2009 but did not observe any standing water or puddles. I did see a high spot that could deter the natural flow of run-off and have placed a work order (#4992) in the system for the Street Division to make needed repairs to facilitate proper drainage. A copy of this work order is attached.

Should you have further questions concerning this issue, contact me at (740) 353-5419.

Sincerely,

Christopher L. Murphy  
Director of Public Service  
City of Portsmouth
