

# MEMO

**TO:** City Council  
**FROM:** City Clerk  
**DATE:** February 24, 2006  
**COPIES:** Mayor; Solicitor; Auditor; file  
**SUBJECT:** City Motto

I have done some limited research into whether or not the City has had a motto. I have not found anything that would indicate that there ever was one. The City has, from time to time, adopted various slogans, some of which were in conjunction with the Chamber of Commerce. These were all administrative decisions and was not something that required any action from City Council.
